Perfect for Schools

any skill user can create posters

Perfect for Schools - Whether it's timetables, number charts, geography maps, teaching materials or a poster for the school field day, PosterArtist is the answer. In just 4 easy steps you can create and print your own large format displays to use as posters or teaching aids.

Vibrant Colors For Less

save time and money

- Print one full **COLOR** poster (24" x 36") in just 31 seconds*
- Why use one color when you can print a full **COLOR** poster for only \$1.03**
- Get over 600 full **COLOR** prints out of just one set of ink**
- Fewer ink tank changes AND a larger variety of colors make endless printing possibilities

Advance Your Printing Potential

with imagePROGRAPH technology

- Produce your full **COLOR** posters at 1/4 the cost of other technology
- 4 times faster than the competition means more projects can be completed in less time
- Create **COLORFUL** posters in just 4 easy steps with the included PosterArtist Lite software
- Add a CanoScan 4400F to make quick, easy enlargement copies - or scan images to incorporate into your posters

PosterArtist

PosterArtist is an easy to use, template driven poster creation software that helps users of all levels to create professional-looking posters, banners, and signage easily and quickly.

iPF650 - 24" = \$2550.00

iPF750 - 36" = \$3450.00
